## KAHN'S LIST IS REDUCED TO \$4,185

Judge Gardiner Greene of the superior court, gives George H. Kahn of Yantic a reduction in his assessment on real estate in Lebanon by a decision handed down by the judge Tuesday in Kahn's appeal from the Lebanon board of assessors. Kahn's total tax is reduced from \$5,185 to \$4,185 by the decision by Judge Greene before whom the case was recently tried here.

The following is the memorandum of decision:

This is an appeal by George A. Kahn from the action of the board of assessors of the town of Lebanon. The appellant claims that the action of the assessors, sustained by the board of assessors, is unjust and unlawful in that they assessed the property above its "fair market value," which the statute identifies with its "present true and actual value," and also in excess of the amount which was required by the rule of three-fourths of market value used in Lebanon.

The appellant failed to establish the existence of such a rule, and Mr. Pitcher, one of the assessors, testified that the rule in Lebanon is to assess at full market value.

The question remains whether the assessment exceeds "the true and actual value." The question remains whether the assessment exceeds "the true and actual value." The question remains whether the assessment exceeds "the true and actual value."

The question remains whether the assessment exceeds "the true and actual value." The question remains whether the assessment exceeds "the true and actual value." The question remains whether the assessment exceeds "the true and actual value."

are as competently supervised as the physical. Dr. Simon Hirsandany, principal of a New York city public school, has supervision of the educational program of camp. Instruction is given to those who desire to make up back work in school or to do advance work. Those boys who study Hebrew all year round and who desire to continue their work through the summer are instructed by Mr. Silver, principal of a New York city Hebrew school. Regular daily sessions are assigned for such instruction.

Every possible means for the boys' mental, spiritual, and physical development has been looked after. The boys are taught how to set up and operate a wireless telegraph and telephone outfit. They are also taught how to take care of the boys. Every counselor has been selected for his particular ability in taking care of boys and young men. The facility includes such men as Dr. Robert Schultz, prominent physician, and president of the Young Men's Hebrew Association of Washington Heights, New York city; Dr. Pinch, professor of geology and astronomy at New York university; Dr. Hirsandany, principal of public school No. 4, New York city; and a number of school teachers. Each counselor is a college graduate and has many years of his own group of boys whom he guides in the cultivation of habits of cleanliness, cleanliness, truthfulness, and love for the world while things of life.

Mr. Girden, the director, is a man who has had many years of experience with boys' work. As director of many of the choicest boys' camps, Mr. Girden has created a national reputation and has left a never-to-be-forgotten impression on the minds of the many boys and young men who have been fortunate enough to come under his leadership. It is indeed not merely for the physical betterment, but for the spiritual and mental betterment of our clientele that Camp Mooween exists.

The area of the campers ranges from seven to twenty and occasionally above. The camp is open from July 1 to Sept. 1. Arrangements may be made for short stays. Camp Mooween has its postoffice at Bozrahville, Conn.

NEW HAVEN ROAD WILL PAY MORE STATE TAX

Due to the higher freight and passenger rates, the New York, New Haven and Hartford railroad will be called upon to pay the state tax on its property in 1921. The tax will be \$1,519,049 in 1921, compared with \$1,519,049 in 1920. The tax levy on the Central New England will be raised from \$48,837 to \$47,217, and on the Central Vermont in the same state from \$24,759 to \$24,759.

The New Haven's trolley subsidiary, the Connecticut company, must pay a tax of \$578,104, compared with \$437,479 in 1920.

Connecticut's tax department has prepared the following classification of tax levies for the current year in comparison with the 1920 payments:

	1921.	1920.
Railroads	\$1,519,049	\$1,519,049
Street railways	\$25,000	\$25,000
Express companies	24,785	21,007
Telephone companies	407,279	333,380
Gas companies	141,456	105,891
Other groups	will raise the full amount for this year to \$2,428,534, compared with \$2,940,191 in 1920.	

Workmen's Compensation.

The following workmen's compensation agreement has been approved by Commissioner J. J. Donohue:

City of New London, water and sewer department, employer, and Harold Peters, New London, employee, wound in hip from nail, at rate of \$14.69.

Cavalry Men Leave Niantic.

The national guard cavalrymen, Troop A of Hartford and Troop B of New Britain, left Niantic Sunday morning for East Haven, where they will receive rifle and pistol instruction during the next four days.

In a cemetery at Woodstock, O., is a gas well which is producing several million feet of gas a day.

### MYSTIC SHRINER CARAVAN TO

### JOURNEY TO OSWEGATCHIE

More than 2,000 Mystic Shriner are expected to be in New London and Oswegatchie on Aug. 29 for a ceremonial, a parade, a banquet and an entertainment, to be arranged for the nobles and for their women friends. The Shriner who will come are affiliated with Pyramid temple, Bridgeport, of the order of Connecticut, and they will come from the southern part of the state. The Shriner will come from the southern part of the state. The Shriner will come from the southern part of the state.

The tentative plans for the event provide that officers of Pyramid temple are to start from the Connecticut state line at Greenwich at 8 o'clock on the morning of Aug. 29, in automobiles, preceded by several motorcycle police, to clear the road, and followed by several automobiles containing the Shriner, and then many automobiles with Shriner from various towns and cities through which the caravan will pass. At each town and city Shriner will join after procession and by the time New Haven is reached it is expected that there will be 2,000 nobles in the caravan, all wearing the fez.

It is expected that the Shriner and the ladies will reach the Hotel Mohican at noon, and arrangements will be made to serve the ladies a luncheon. The Shriner will go direct to the state armory, where the candidates will receive the degree and luncheon will be served at the armory to the nobles.

Following the ceremony at the armory a street parade will be held. Following their luncheon at the hotel, the ladies will go to Oswegatchie by special train, and the Shriner will remain in New London. A tent will be erected on the Miner lot at Oswegatchie, underneath which the bake will be served and possibly some circus stunts provided for the benefit of the party.

Following the bake, there will be water sports and a general good time. In the evening there will be dances. Fully 75 candidates for the Shrine degree have already been obtained in New London and it is likely that a number of candidates will be brought with the caravan, these candidates being picked up en route.

The whole affair is particularly for the benefit of New London Shriner, most of whom are members of Pyramid temple of Bridgeport.

GEORGE SCOTT PURCHASER OF STAFFORD SPRINGS HOTEL

George M. Scott, who was for ten years clerk at the Wauregan House in this city, has become the proprietor of the Stafford Springs Hotel at Stafford Springs, purchasing the hotel from Adelbert J. Needham, who has been the owner and proprietor for the past two years. The hotel which Mr. Scott has purchased is valued at \$25,000 in the tax list and makes one of the largest real estate transactions in Hartford Springs in some time. The property is ideally located and during the summer months especially is very well patronized.

Mr. Scott will open the hotel after alterations have been made on July 10th. The hotel was built in 1886 and has changed hands several times since that time.

Two Small Fires.

Two early morning fires broke out in the business section of New London on Monday. One, said to have been caused by rats chewing on matches, damaged

the grocery stock of Benjamin Shapiro of 115 Green street to the extent of \$1,709.

The second blaze occurred at Gager & Crawford's store, corner of State and Main streets, but was extinguished by employees of the firm before much damage was done. A baker took some live coals from an oven and placed them in an ash barrel, according to Assistant Fire Chief Charles Rose.

Miss Harriet Lewis, 24, of Meriden, who was the guest of Mrs. E. A. Fraser of 51 Allen street, Groton, for the past few days, became apparently insane Saturday afternoon while out walking with Mrs. Fraser. She attacked Mrs. Fraser, tore her clothing and scratched her face and then ran into the home of George E. Loomis at 31 Allen street and up to the second floor, into a room. Shouting and screaming, she flung herself at a shade covered glass window, crashing through and falling some 20 feet to the earth below. Through somewhat shaken from the fall, she arose, fought off those who came to Mrs. Fraser's assistance, and it was some time before

she was caught by Officer Charles Yering, who took her into custody. Late Saturday evening her parents arrived at Groton from Meriden and accompanied her to Middletown.

There is no question but that nature has bountifully provided in the roots and herbs of the field a remedy for many of the ills to which human flesh is heir. This is demonstrated by the wonderful success of that root and herb medicine, known as Funkhouser's Vegetable Compound, which for more than forty years has been relieving women of America from some of the worst forms of female ills. It will certainly pay any woman who so suffers to try it.

There is an herb which grows wild on our western plains known as "Mammita" and to which the Indians attributed wonderful curative and healing virtue.
